Calumet 4W 8.5 Deg Outdoor Wall Light

By Artemide

Description

Add a touch of precise, downward illumination to your outdoor walls with the Calumet 4W 8.5 Deg Outdoor Wall Sconce. This compact yet powerful fixture features a sleek cylindrical body with a reinforced glass diffuser and watertight silicone gaskets, ensuring enduring performance in any weather. Its robust construction includes a 3-stage outdoor treatment (Nanotechnologies, antioxidant primer, and polyester paint) for superior protection. Crafted from die-cast aluminum with a choice of a crisp Grey White or sophisticated Anthracite Grey finish, it blends seamlessly with contemporary exteriors. Equipped with PMMA lenses with a narrow beam angle, it delivers focused down light distribution, creating a clean and elegant effect. An integrated LED light source provides efficient illumination, with selectable warm or cool color temperatures. UL Listed and IP65 rated, this fixture is suitable for wet locations, making it an excellent choice for accenting architectural elements, illuminating pathways, or adding a subtle yet impactful glow to exterior surfaces with a distinct architectural and contemporary flair.

Shown in grey / white
