Cefiso 37W Outdoor Wall/Ceiling

By Artemide

Description

Command attention in your outdoor spaces with the potent and versatile Cefiso 37W Outdoor Wall/Ceiling Light. This high-performance fixture is designed to deliver a concentrated luminous flow, perfect for highlighting prominent architectural details, landscaping, or creating dramatic effects while minimizing unwanted light dispersion. Its flexible design allows it to be mounted on a wall or ceiling, or positioned on the ground, adapting to a variety of lighting needs. The fixture features silkscreened tempered glass, flush with the body to prevent water accumulation, ensuring both durability and a sleek appearance. Built to withstand the elements, it undergoes a meticulous 3-stage outdoor treatment (Nanotechnologies, Antioxidant Primer, and Polyester paint). Crafted from robust die-cast Aluminum with a choice of a crisp Grey White or sophisticated Anthracite Grey finish, it offers a commanding presence. Equipped with PMMA lenses offering various selectable beam spreads, it provides precise and powerful light distribution. An integrated LED light source delivers exceptional illumination, with selectable warm or cool color temperatures. UL Listed and IP65 rated, this fixture is suitable for wet locations, making it an outstanding choice for demanding architectural and contemporary outdoor lighting projects.
