## Effetto 4 X 15 Degree Outdoor Wall Light By Artemide

## Description

Effetto 4 X 15 Degree Outdoor Wall Light is designed to create architectural effects with multi-directional light distribution. Features a lighting cap unit and terminal board fixed together by means of locking dowels. PMMA lenses siliconed flush with the cap to obtain narrow beam spread. Watertight gasket in silicone rubber. Treated with 3 stage treatment: Nanotechnologies, Antioxidant Primer and Polyester paint. Made of die cast aluminum with a painted Anthracite Grey or White finish. Four 2.75 watt 120 volt LED modules are included. Choice of 3000K or 4000K color temperature. Anthracite Grey available only with 3000K. 6.3 inch diameter x 5.5 inch depth. UL Listed for wet locations. IP65 Rated.
