Nuda Unilateral Outdoor Floor Light

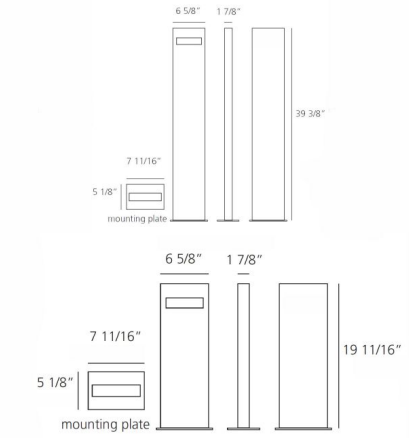

By Artemide

Description

The Nuda Unilateral Outdoor Floor Light offers a sleek, minimalist solution for discreet, effective illumination of outdoor pathways and architectural elements. This integrated system comprises a lamp head, a supportive pole, and a robust ground mounting plate, designed for effortless installation.The light is diffused through a durable polycarbonate UV and shock-resistant diffuser, ensuring longevity and consistent performance in various weather conditions. The slender support pole is crafted from extruded aluminum, treated with a specialized chromate process and painted for enhanced durability.The sturdy mounting plate, made of folded, welded, and painted steel, includes pre-drilled holes for secure ground fixing with lock bolts or dowels. High-quality steel screws and a silicone seal gasket ensure watertight integrity. This fixture benefits from a comprehensive 3-stage Outdoor TreatmentNanotechnologies, Antioxidant Primer, and Polyester paintfor ultimate resilience. Constructed entirely from aluminum with a painted Grey White finish, and available with an LED light source, this IP65-rated fixture is suitable for wet locations and comes in two heights, providing unilateral illumination with refined discretion.
