60W 12V LED Remote Electronic Transformer

By Visual Comfort Architectural

Description

This 60 Watt 12 Volt DC LED Remote Electronic Transformer converts standard 120 volt line voltage to 12 volts, providing the necessary voltage for powering a Tech Lighting Monorail, Kable Lite, Wall Monorail, or Freejack low voltage lighting system. Must be installed in a remote but accessible location such as above the ceiling or in a closet no more than 20 feet from the run or power feed. Requires a single feed canopy or other power feed option, sold separately. Can be used to power lamps totaling up to 60 watts. Equipped with fast acting short circuit and overload protection that will safely turn off the system should a short occur. Integral reset button. Suitable for indoor dry locations.
