150W 12V LED Remote Electronic Transformer

By Visual Comfort Architectural

Description

This 150 Watt 12 Volt Remote Electronic
Transformer converts standard 120 volt line
voltage to 12 volts, providing the necessary
voltage for powering a Tech Lighting Monorail,
Kable Lite, Wall Monorail, or Freejack low voltage
lighting system. Must be installed in a remote but
accessible location such as above the ceiling or in
a closet no more than 20 feet from the run or
power feed. Requires a single feed canopy or
other power feed option, sold separately. Can be
used to power lamps totaling up to 150 watts.
Equipped with fast acting short circuit and
overload protection that will safely turn off the
system should a short occur. Integral reset
button. Suitable for indoor dry locations.
