Unilume Direct Wire Undercabinet 3000K 90CRI

By Visual Comfort Architectural

Description

For undercabinet and task applications where 120 volt input is desirable, Unilume LED Direct Wire with 90CRI offers a class-leading combination of performance and versatility for residential or commercial use. Available in four lengths in White finish with 90CRI and Warm White 3000K, or Neutral White 3500K color temperature. Features integral driver with the ability to power up to 70 linked units from a power connection. Standard integral on/off switch. Each unit is powered by an integral 24 volt DC power supply with power delivered by wiring to a local 120 volt junction box. Wiring is fed through integrated knockouts and connections hidden internally. Units may be linked together using standard Romex conduit according to local codes. Dimmable 5 to 15 percent using an electronic low voltage dimmer. 5 year warranty.
