## Tolomeo Mega LED Table Lamp with Clamp

By Artemide

### Description

The Tolomeo Mega LED Table Lamp with Clamp brings the expansive reach and celebrated adjustability of the Tolomeo series to your workspace, in a highly functional and iconic design. This impressive lamp features a fully adjustable, articulated arm structure, providing unparalleled flexibility for large desks or drawing tables. Its precision-engineered components, including joints, tension control knobs, and mountings, are crafted from polished die-cast aluminum, ensuring smooth movement and lasting durability. Robust stainless steel support cables provide stability, while the die-cast aluminum clamp, with a 2-inch maximum opening, offers secure and space-saving attachment. The lamp's aluminum frame with a polished aluminum finish is complemented by a choice of three sophisticated shades: parchment paper, black fiber, or a pale grey satin and polycarbonate fiber blend. An integral LED provides powerful, efficient illumination, with a convenient dimmer located directly on the body for precise control. Available in three sizes, the Tolomeo Mega LED Table Lamp with Clamp is the ultimate tool for designers, architects, or anyone needing expansive, adaptable light.
