15-Amp Tamper Resistant Half Dimming Receptacle

By Lutron

Description

The 15A Tamper Resistant Half Dimming Receptacle features a top receptacle designed for dimming connected loads. A projecting nub prevents a standard plug from being used in the top receptacle. Requires a replacement plug for dimming table and floor lamps. The bottom receptacle is for general use and will fit standard plugs. Both halves feature a tamper resistant shutter mechanism. Suitable for 120 volt systems up to 15 amps. Available in Lutron gloss and satin finishes. NOTE:Designer wall plate sold separately.

Shown in satin snow
