**DESCRIPTION**

TC926R Slope Ceiling Non-IC Remodel housing for use in slope ceiling applications with a 2/12 to 6/12 pitch (9 to 27 degrees) where the back side of ceiling is not accessible. Installs through an opening in ceiling from below. Adjustable fixture height between 7 1/2 inches to 9 inches. For 2x8 or 2x10 construction. Secures in place with factory supplied remodel clips. Designed for use in non-insulated areas. If installed where insulation is present, the insulation must be pulled back 3 inch from all sides of the housing. Lamp ratings based on trim selected, sold separately. Medium base porcelain with nickel-plated copper screw shell. Adjustable to position lamp perpendicular to floor. UL listed for through-branch wiring, damp locations and IP. Product thermally protected against improper use of lamps or insulation. UL listed. Halogen and incandescent bulb options dimmable with a standard incandescent dimmer, sold separately. Check with bulb manufacturer for dimmer compatibility when using LED bulb option. A complete fixture includes a housing and trim, sold separately.
