Trac 12 Miniature Low Voltage Track By Juno Lighting

Description

Trac 12 low voltage track is an ultra-miniature single-circuit track. Finish available in White or Black. Features extruded ABS/polycarbonate for maximum strength and heat resistance. Each trac section is supplied with an integral terminal block feed/straight connector and is compatible with right-angle, adjustable joiner and conduit/J-box mounting accessories. Available in 2, 4 and 8 foot sections. Standard lengths may be cut-to-length in the field. Two 12 gauge solid copper conductors, rated 20 amps at 12 or 24 volts. Note: Required 12 or 24 volt step down transformer, power feed, and optional mounting accessories sold separately.
