Track Fixture Extension Wand

By Juno Lighting

Description

The TW series extension wands suspend track fixtures at desired levels without the need to lower the track section. The wands are designed for use with 120 volt 1-circuit or 2-circuit track and line voltage monopoints. Constructed of 1/2-inch rigid tubular steel and Lexan plastic and accepts one 120 volt Juno track fixture with standard square super adapter. On/off switch is standard. Wand lengths are 12, 18, 24, 36 and 48 inch.
