Tolomeo Clip Spot

By Artemide

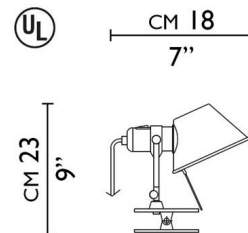

Description

Introducing the Tolomeo Clip Spot Light, an ingenious and highly adaptable luminaire designed for adjustable direct and indirect lighting in any space. Crafted from high-polished die-cast aluminum, this clip light exudes modern elegance and robust durability. Its defining feature is a fully adjustable, rotatable, and tiltable diffuser in matte anodized aluminum, providing unparalleled flexibility in directing light precisely where you need it. The intelligent design incorporates a convenient dimmer switch directly in the lampholder, allowing for effortless brightness control, and comes complete with a cord and plug for immediate use. Available in two versatile lamping options (further research indicates common options include incandescent/halogen or LED, catering to various preferences for light quality and energy efficiency), the Tolomeo Clip Spot is praised by customers for its amazing versatility and clean, functional design. Perfect for illuminating artwork, highlighting architectural features, or providing focused task lighting on shelves, desks, or headboards, this contemporary clip spot offers a seamless blend of form and function.
