

DESIGNER Marc Sadler
BRAND Foscarini

DESCRIPTION

The Twiggy ceiling mount with a lacquered diffuser and fiberglass base is a linear, essential design combined with strong flexibility, which characterizes the formal elegance and light sophistication of Twiggy. The ceiling model is the maximum expression of flexibility: by rotating 330 degrees it is an optimal solution for decentralizing a light source. All the lamps are made in composite lacquered material in White or Black on a fiberglass base. Three 100 watt, 120 volt, A19 medium base incandescent bulbs are required, but not included. 18.13 inch width x 11.44 inch height x 67 inch length. Overall height can be adjusted 30.41 to 42.43 inches.

Shown in: White
