LED-Ginger Pendant

By Marset

Description

Wood is a great ally of cozy lighting. It is a material that is hard to mold, a challenge that the Ginger Pendant neatly resolves. The combination of sheets of wood, paper, and resins pressed together under high pressure achieves a laminate that appears almost entirely flat, which discreetly lights up spaces with indirect light. The resulting Ginger Pendant is an extraordinarily lightweight disk that pays tribute to 1960's rock star, Ginger Baker of Cream.
