DESCRIPTION

On the Scantling Wall Sconce the combination of basic geometric shapes and the use of wood together with metal give this lamp a homely appearance, at the same time as a clearly defined personality. All of the movements of the fully rotating shade use solid oak arms and hinges, and its technical precision means that springs or counterweights are not necessary in order to maintain the selected position. Available in White. One 11 watt, 120 volt 2700K 80CRI 900 lumens A19 Type Medium base LED bulb is included. On/off switch on canopy.
