Ar Ruthiane Metal Ceiling Fan By Matthews Fan Company

Description

The Matthews-Gerbar Ar Ruthiane Metal Ceiling Fan has sleek hourglass arms that grasp the bullet shaped motor. The fan head and counterweight gently revolve 360 degrees around the spherical housing. The fan head can be infinitely positioned in 180 degree arcs for optimum air movement. The greater the angles of the motors to the horizontal support rods, up or down, the faster the axial rotation. A slow, controlled axial rotation is achieved by both fan head position and fan blade speed. The 360 degree rotation can circulate heat and air condition more effectively than traditional fans. Available in a variety of finishes with matching metal safety cage. Features a 31 degree blade pitch and 13 inch diameter per head. Includes a flat ceiling canopy, one 10 inch downrod, and a 3 speed Decora-style wall control in White. UL and cUL listed. Limited lifetime warranty. Additional downrod lengths and vaulted ceiling canopy sold separately.

Specifications

BLADE COLOR	N/A
BODY FINISH	Polished Copper
WATTAGE	N/A
DIMMER	N/A
DIMENSIONS	46"W x 22"H
BULB	N/A
