

# Aurora 3.3IN RD Edge LED Trimless Downlight / Housing

**Designer:** Gregory Kay

**Description:**

Aurora LED 3.3 Inch Aperture Round Edge Trimless Downlight with Housing is a specification grade, recessed adjustable accent fixture for plaster or drywall construction. A flush mounted rigid plaster plate, which is finished into the ceiling, maintains a flat finish. Combining the knife edge 3.3 inch aperture with the Aurora dome and tilt gear hidden behind the lamps creates a clean internal look. Fixture offers hot aiming with 0 to 45 degree vertical adjustment and 362 degree horizontal rotation without beam clipping. Precision machined gear adjustment is concealed behind the lamp. Features self locking tilt and manual locking horizontal rotation. Includes snoot to control internal light spill. The snoot secures the lamp to the pan tilt mechanism and allows for easy relamping. Housing is made of die formed aluminum and includes one 12 volt 15 watt electronic low voltage transformers for MR16 LEDs. Housing is IC and Air-Tight, suitable for remodel or new construction. Dome features an anodized soft haze finish. Hides electrical hardware and tilts for easy access to junction box and transformer. One 12 volt MR16 LED 7-9 watt bulb, equivalent to a 50 or 65 watt halogen, is required, but sold separately. Only use LED retrofit lamps designed for use in enclosed fixtures. Operate with most electronic low voltage

Shown in: White/ Haze Dome

**List Price:** \$670.00  
**Our Price:** \$536.00

**Shade Color:** N/A  
**Body Finish:** White/ Haze Dome  
**Lamp:** 1 x LED/9W/12V LED  
**Wattage:** 9W  
**Dimmer:** Low Voltage Electronic  
**Dimensions:** 14.75"L x 12.1"W x 5.75"H

**Technical Information**

**Function:** Adjustable Accent  
**Ceiling Type:** Drywall with Trim  
**Housing Type:** New construction IC  
**Aperture Shape:** Round  
**Aperture Size:** 3.300"
