Reveal Wall Wash Dynamic/Tunable White Plaster-In System

SPEC #

EDG356346

DESIGNER

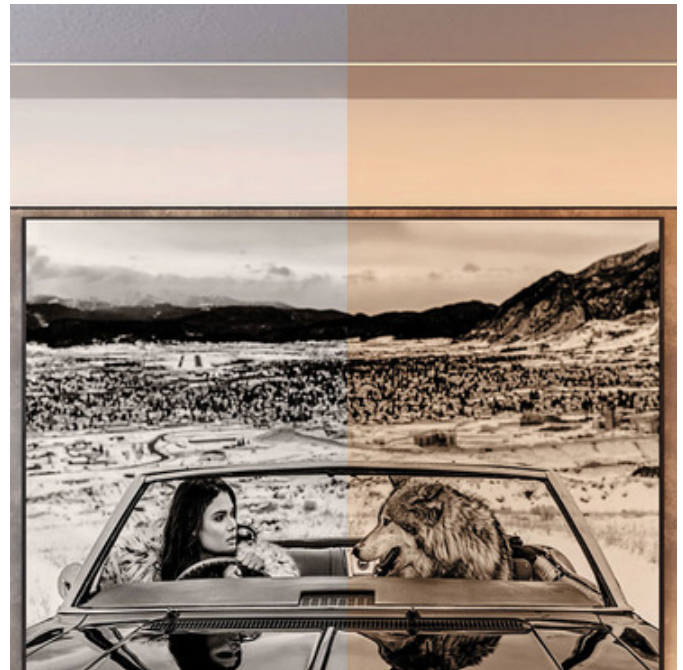

Gregory Kay

BRAND

PureEdge Lighting

DESCRIPTION

Reveal Wall Wash is a 24VDC linear LED system featuring a shallow, plaster-in aluminum extrusion no thicker than drywall. Must be mounted 24 inches away from wall. Finish available in Satin Aluminum or White. Features Dynamic/Tunable White technology allowing for full control over the color temperature from 2000K (sunset) to 4000K (cool white), and the ability to regulate any level of brightness independently. Sold in 1 foot increments up to 20 feet and may be field-cut to any length. System includes junction box, adjustable mounting bars, Reveal Wall Wash channel(s), power feed end cap, junction box cover, dead end cap plate, take-up box, drywall screws, LED Soft Strip, and lens(es). 2K4K allows for independent control of color temperature and brightness adjustment. System may be powered using a remote Dynamic Color Changing (DMX) 2XK Tunable White power supply (controlled using the Tunable White controller CDMX-1), or two Universal or electronic low voltage (ELV) power supplies (used with two dimmers one for 2000K and one for 4000K), sold separately. Indoor applications only. Fixture includes a 5 year pro-rated warranty. ETL listed. Order additional Junction Box (RVWW-1RE-JBOX) separately to rough-in electrical wiring before drywall installation, sold separately. Required power supply, dimmer/controller, and optional accessories sold separately. Product is built to order.

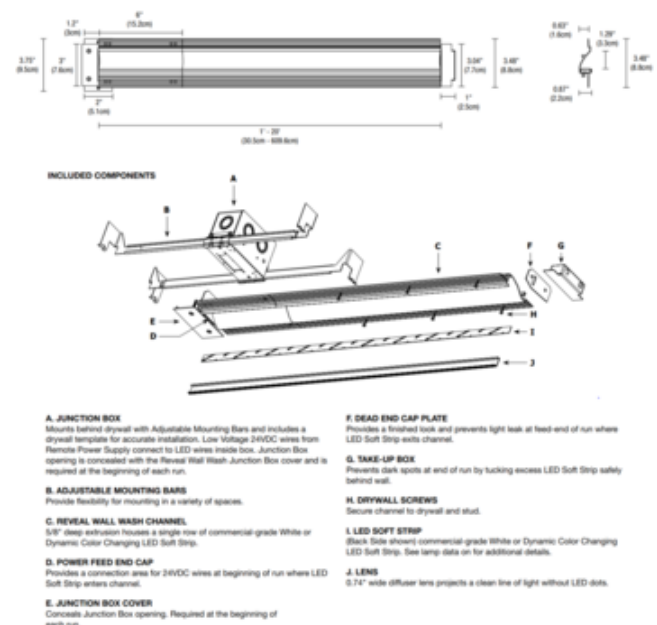

SHADE COLOR	N/A
BODY FINISH	Satin Aluminum
WATTAGE	5W
DIMMER	Dimmable
DIMENSIONS	12"L x 3.57"W x 0.62"H
INTEGRATED LED MODULE	
LAMP	1 x LED/24V LED
