Model 195 Pendant

By Le Klint

Description

195 Pendant features a handfolded pleated plastic shade in White and a Polished Steel canopy finish. This lamp is popularly known as the Donut lamp. When she created the lamp in 2007, designer Lise Navne was in fact inspired by the acutely rounded shape of its edible counterpart. The lamp is completely enclosed at top and base by a polished steel plate, the simplicity of which is in perfect contrast to the very complex pleating of the lampshade itself. Available in two sizes.

Shown in polished nickel / white
