Rodeo Table Lamp By Adesso Corp.

Description

With a touch of urban edge, the Rodeo Table Lamp modernizes the traditional bridge lamp, giving it an adjustable swing arm in addition to a curved silhouette. The swing arm rotates horizontally, while the shade can be adjusted vertically and secured with a locking key joint, allowing you to direct the light wherever it's needed. A drum shade brightens the design, softly distilling the light, while the metal finish adds mid-century modern flair. On/off rotary switch on socket.

Shown in antique bronze / khaki burlap
