Rodeo Floor Lamp

By Adesso Corp.

Description

With a touch of urban edge, the Rodeo Floor Lamp modernizes the traditional bridge lamp, giving it an adjustable swing arm in addition to a curved pole. The swing arm rotates horizontally, while the shade can be adjusted vertically and secured with a locking key joint, allowing you to direct the light wherever it's needed. A drum shade brightens the design, softly distilling the light, while the metal finish adds mid-century modern flair. A 3-way rotary socket switch provides a variety of lighting options, allowing you to easily adjust the brightness between low, medium, and high.
