Walden Table Lamp

By Adesso Corp.

Description

Introduce the Walden Table Lamp into rustic, contemporary, or eclectic spaces with wooden joints that adjust the balance arm to change the lamp height and angle of the shade, making the lamp ideal for task lighting or ambient lighting. The metal base and accents and wood body enhance an industrial style, while the woven paper shade with trim along the top and bottom softens the look. For a unique style, the black fabric-covered cord threads through the square wood post body and drapes out the back, while the lamp is easily turned on and off by a discreet on/off rotary socket switch.

Shown in brushed steel / natural wood / off white
