Walden Floor Lamp

By Adesso

Description

Introduce the Walden Floor Lamp into rustic, contemporary, or eclectic spaces with wooden joints that adjust the balance arm to change the lamp height and angle of the shade to best serve your room. The metal base and accents enhance an industrial style, while the wood body and woven paper shade with trim along the top and bottom soften the look. For a unique style, the black fabric-covered cord threads through the square wood post body and drapes out the back. A 3-way rotary switch is located on the socket, allowing you to adjust the brightness between low, medium, high, and off to suit your needs.

Shown in brushed steel / natural wood / off white
