DESCRIPTION

Stacking was designed by Rockwell Group in 2007 using the idea of modular individually hand blown glass cylinders in distinct color combinations and sizes. Each of the modules have different opacities and sizes that bends the light in unique ways in your space creating your ideal lighting situation. Each floor lamp has 4-6 modules, but as they stack and overlap each other more multi layer lighting effects are produced. Options: Smoke Combo: 45.25 Inch Height Bronze Combo: 58.25 Inch Height Amber Combo: 64.25 Inch Height
