Path Lite 4 Wall Recessed Fixture

By Hunza Lighting

Description

Path Lite 4 wall recessed fixture is ideal for lighting flat areas such as decks, paved courtyards, and edge lighting paths. The halogen lamp is mounted higher allowing for greater projection of horizontal light. This is coupled with a frosted borsilica dome glass lens that significantly reduces glare. The frosted borsilica dome glass lens has been developed to prevent dirt, mud, grass clippings or water from entering the optics area, keeping with its IP68 rating. Flang available with a single facet and 90 degree beam spread (1), with two facets and 180 degree beam spread (2), with three facets and 270 degree beam spread (3), or with four facets and 360 degree beam spread (4). Finish available in copper or stainless steel. Transformer sold separately. LED option also available. One 20 watt, 12 volt, G4 lamp, not included. CSA listed. IP68 Wet Location listed. Made in New Zealand.

Shown in copper
