Estella Outdoor Wall Sconce

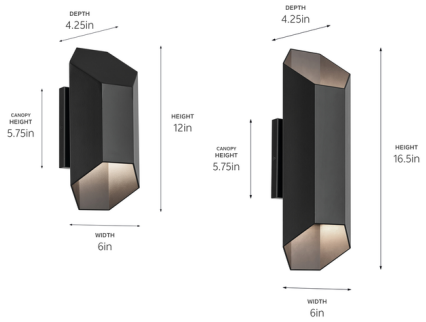

By Kichler

Description

Add a little fun and flair to any modern home with the distinctively geometric Estella Outdoor Wall Sonce. Boasting a hexagonal design, Estella provides a dynamic contrast against floor-to-ceiling windows or squared rooflines. Its dark finish and angular silhouette offer understated visual interest, while its upward and downward lighting enhances the overall look of your home's exterior. The Estella is perfect for illuminating patio walls or flanking a front door or garage. TRIAC or ELV dimmable.Note: Large option, 16.5 inch height, is open at the top and bottom and is not Dark Sky Compliant.

Shown in textured architectural bronze
