Solis Chandelier

By Pablo

Description

The Solis Chandelier, designed by Carmine Deganello, set out to engage with light in its archetypal form: the sun's rays. The resulting piece is an engaging blend of light and shadows, casting shimmering rays and radiating patterns onto a space. The effect is a sense of weightlessness and a redefined environment that invites a new kind of relationship with the light source. Includes 16 foot field cuttable suspension cable. UL listed components. CE listed.
