## Spider Pendant

By LODES

### Description

The Spider Pendant is reminiscent of an eye that can be positioned to light any part of your room. It is a precise light paired with an elegant design. Its metallic spherical body has a round and convex lens located on one side. The sphere rotates 360 degrees and tilts 90 degrees on the side, which enables the light to be directed downwards and laterally. Includes ceiling canopy in matte white finish. Dimmable with Triac dimmers.

Shown in white / matte white
