Rain Pendant

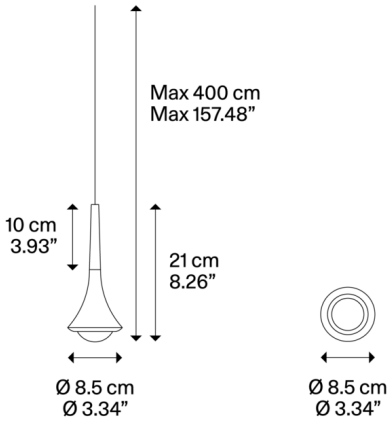

By LODES

Description

The Rain Pendant evokes the feeling of spring rain that falls silent and light. With its modified teardrop shape, the pendant brings the majesty of the event to your indoor space. This slim, tapered pendant houses an integrated LED behind a convex lens, perfect for directing light downwards. Rain is particularly striking when installed in a grouping of multiple pendants. Includes ceiling canopy in white finish. Dimmable with Triac dimmers.

Shown in brushed chrome / chrome
