Plus Series 75W 12V Magnetic Transformer By Kichler

Description

Plus Series Transformer features a 12V output voltage tap for simplified LED installations. In-line secondary magnetic breaker protects against short circuit. Epoxy encapsulate for greater protection and performance. Powder-coated housing is painted steel with an Architectural Bronze finish. Features high efficiency Toroid core and coil. Mount brackets are welded and riveted in place for extra strength. Mount plate for indoor use included. Transformers used indoors require cable to be routed through conduit. 10 year manufacturer limited warranty. 72 inch lead wire. ETL listed for wet locations.
