Long Cowl Mini Downlight 12V

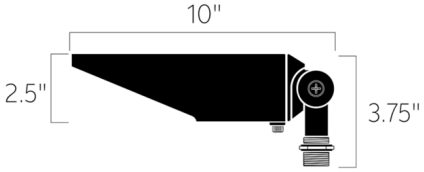

By Kichler

Description

The Long Cowl Mini Downlight with an extra-long cowl is ideal for illuminating walkways or entertainment spaces, or for creating moon lighting by placing it in a tree to accentuate branch and leaf details. The cowl can be rotated to minimize glare. With durable metal construction, this fixture is designed to withstand harsh outdoor environments. The Centennial Brass finish will patina over time. Includes a surface mounting bracket (model 15607), locknut, 35 inches of usable #18-2, SPT-1W leads and cable connectors. Notes: A transformer is required, sold separately. This fixture is to be used only with a transformer rated a maximum of 300W (25 amps) 15V. The optional junction box mounting bracket pictured for tree mounting is not included and is sold separately.

Shown in textured architectural bronze
