Demetra Plug In Swing Arm Wall Light

By Artemide

Description

The Demetra Plug In Swing Arm Wall Light combines exceptional adjustability with the convenience of a plug-in design, offering a versatile and stylish lighting solution for any wall. Constructed from durable aluminum and finished with a hand-painted White, Black, or Anthracite Grey coating, this fixture exudes modern elegance. Its fully adjustable body, arms, and head provide incredible flexibility, allowing you to precisely position and direct light for reading, tasks, or ambient illumination. The incorporated dimmer switch on the head offers effortless control over brightness, letting you set the perfect mood with a simple touch. This lamp includes a cord and plug for straightforward installation, making it ideal for renters or those seeking adaptable lighting without hardwiring. You can choose between a 2700K (a warm, cozy light) or 3000K (a slightly less warm, still inviting light) color temperature to match your desired ambiance. The Demetra Plug In Swing Arm Wall Light is a superb choice for bedside lighting, reading nooks, or providing flexible illumination in living areas.
