Demetra Desk Lamp

By Artemide

Description

The Demetra Desk Lamp redefines task lighting with its exceptional adjustability, sophisticated design, and versatile mounting options. This highly functional lamp features a durable thermoplastic head, complemented by sturdy aluminum arms with internal tension springs and external tension control aluminum cables, ensuring smooth and precise positioning. Available in elegant White, Matte Black, or Anthracite Grey, the Demetra can be configured with a classic table lamp base, an inset pivot for integrated mounting, or a clamp for space-saving attachment, offering unparalleled versatility for any workspace. Its fully adjustable arms and head, combined with a tiltable and rotatable diffuser, allow for meticulous light direction. An incorporated dimmer switch on the head provides effortless control over brightness. For global flexibility, it includes interchangeable plug options to accommodate most electrical outlets. You can also select between a 2700K (a warm, cozy light) or 3000K (a slightly less warm, still inviting light) color temperature. The Demetra Desk Lamp is the ultimate tool for focused work, reading, or crafting, blending advanced functionality with a refined aesthetic.
