## Soft Strip RGB / Snap & Light 24V By PureEdge Lighting

## Description

SS6 RGB Snap & Light Soft Strip provides dynamic color effects with red, green, blue color temperature. This color changing strip offers chromacity quality providing a balanced output across the color gamut, allowing the creation of millions of colors. Sold in 1 foot increments at 3 watts (2.6 watts) per foot up to 36 feet or 5 watts (4.4 watts) per foot up to 20 feet with cutting increments every 3 inches. Soft Strip is compatible with solderless Snap & Light Connectors for making turns and custom configurations, sold separately. Self-adhering Soft Strip mounts to most smooth finished surfaces with industrial strength 3M tape (provided on back of strip). Some unfinished surfaces may require screw-in mounting clips (SS-MCL), sold separately. Soft Strip requires a 24 volt DC power supply with integrated RGB DMX driver. DMX power supply must be used with PureEdge CDMX1-RGBW controller.Note: Light Channel, RGB power supply, controller, power feed, and optional accessories sold separately.
