Loop Pendant

By Fabbian

Description

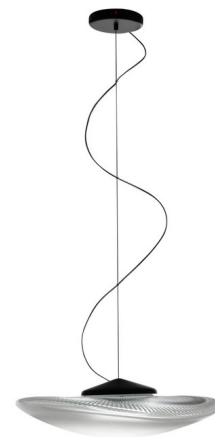

The Loop Pendant hovers in the air with grace and elegance, exerting a certain charm through the movements of its form. The fine and delicate transparent sandblasted glass with a striped pattern makes it seem lightweight and airy. Loop floats peacefully in infinity, and swings as though in space, like the pleats of a skirt moving in the wind or the agile transportation of a jellyfish. This pendant can enhance classical or modern style rooms, giving a refined but unique look.
