## LineaCurve Dual Wall / Ceiling Light By Artemide

## Description

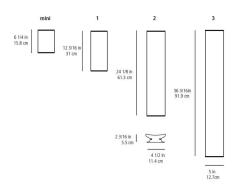

The LineaCurve Dual Wall / Ceiling Light introduces a graceful, curvilinear aesthetic while providing versatile dual-direction illumination. This sophisticated fixture features an extruded aluminum body, elegantly sculpted with a textured finish available in a pristine White or a refined Anthracite Grey, complete with perfectly matching aluminum end caps. Designed for flexible application, this light can be mounted either vertically or horizontally, providing dynamic options for your lighting layout. Its dual light emission creates a harmonious glow, adding depth and dimension to your walls or ceilings with a soft, inviting presence. Available in four versatile sizes, the Linea Curve Dual allows for seamless integration into various room dimensions and design schemes. You can select between a 3000K (a warm white light) or 3500K (a more neutral white light) color temperature, enabling you to fine-tune the ambiance to your exact specifications. This fixture is an ideal choice for adding a touch of contemporary elegance to walls or ceilings, illuminating corridors, or creating a unique luminous pathway.
