20 Watt 12V Constant Voltage LED Driver

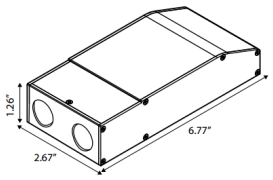

By National Specialty Lighting

Description

The 20 Watt 12 Volt DC Class 2 Dimmable Constant Voltage LED driver can dim LED light output ranging from 100 to 0 percent. Encased in a super compact aluminum enclosure that includes two knock-outs to enable easy installation, making it the perfect choice for under cabinet lights and various LED fixture installations. Includes auto reset, over current and short circuit protection. Two clamp connectors included. Dimmable with any standard MLV/ Incandescent TRIAC-(Leading edge) dimmer, sold separately (see attached manufacturer dimmer compatibility reference). UL listed. IP67 rated for wet locations. Note: When installing driver outside (2) of of the strain relief accessories (E-KO-SR) will be required, sold separately.
