

BRAND

CoeLux

DESCRIPTION

Designed for installation in ceilings, the CoeLux 45 HC LED artificial skylight reproduces the effects of natural light in a room. Advanced optical systems produce an LED 'sun' that rests in a convincing blue 'sky,' both appearing at an infinite depth. Nano filters within the fixture recreate the atmosphere's Rayleigh scattering process, creating the remarkable effect of an endless blue sky. A swath of artificial sunlight shines into the room from the ceiling at a 45-degree angle, casting sharp, blue-toned shadow that reproduce the effects of daylight in the Mediterranean basin. The CoeLux 45 HC is ideal for use in offices, hotels, hospitals, wellness centers and residences alike. Skylight size is 34.3 inch width x 67.9 inch length (approx 16 sq ft). Overall Dimensions: 148.1 inch width x 89.5 inch length x 38.1 inch height. Additional installation and freight charges might apply.

SHADE COLOR	N/A
BODY FINISH	N/A
WATTAGE	270W
DIMMER	Not Dimmable
DIMENSIONS	67.9"L x 34.3"W
INTEGRATED LED MODULE	
LAMP	1 x LED/270W/120V LED

Technical Information
