

### BRAND

CoeLux

### DESCRIPTION

Designed for installation in walls with ceilings as low as 8.86 feet, the CoeLux 45 SQUARE mimics natural light from a real window. Advanced optical systems produce an LED 'sun' that rests in a convincing blue 'sky,' both appearing at an infinite depth. Nano filters within the fixture recreate the atmosphere's Rayleigh scattering process, creating the remarkable effect of an endless blue sky. A swath of artificial sunlight shines into the room from the window at a 45-degree angle, casting sharp, blue-toned shadow that replicate the effects of daylight in the Mediterranean basin. The CoeLux 45 SQUARE is ideal for use in offices, hotels, hospitals, wellness centers and residences alike. Skylight size is 38.6 inch length x 38.6 inch width. Overall dimension: 66.3 inch width x 93.5 inch length x 60.7 inch depth. Additional installation and freight charges might apply.

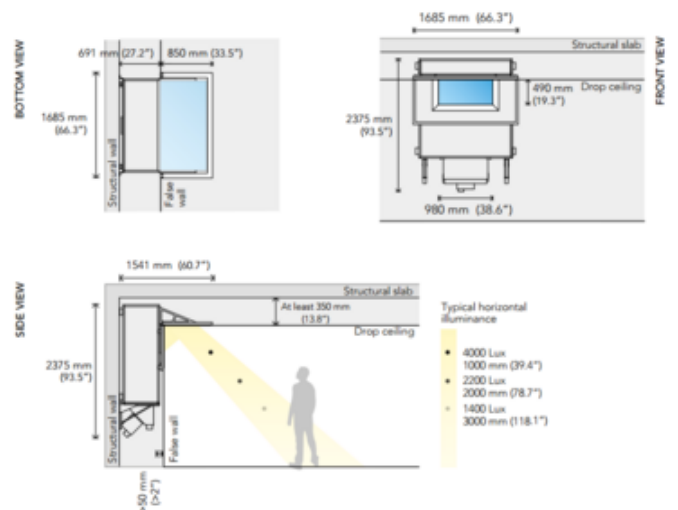

SHADE COLOR	N/A
BODY FINISH	N/A
WATTAGE	270W
DIMMER	Not Dimmable
DIMENSIONS	36.8"L x 36.8"W
INTEGRATED LED MODULE	
LAMP	1 x LED/270W/120V LED

#### Technical Information

LUMINOUS FLUX	4000 lumens
LUMENS/WATT	14.81
LAMP LIFE	50000 hours
