La Petite Table Lamp

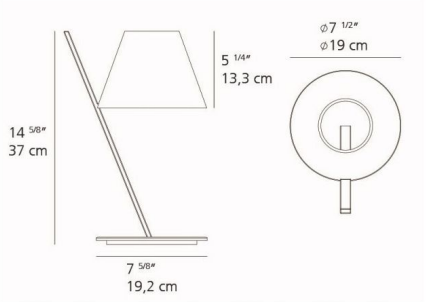

By Artemide

Description

The La Petite Table Lamp showcases exquisite geometry, featuring an archetypal lampshade delicately balanced on a tilted stem. This charming design brings a sophisticated yet playful aesthetic to any tabletop, offering both refined illumination and a distinctive sculptural presence.The lightweight plastic shade is intelligently designed with two integrated diffusers that work in harmony to produce a pleasantly soft direct and indirect light. This ensures a beautifully balanced and comfortable glow, enhancing your space without any harshness. The lampshade seamlessly connects with the aluminum stem with minimal support, creating a visually compelling counterbalance where the tilted stem is perfectly offset by the shade's volume.Available in Black or White, the La Petite Table Lamp offers versatile appeal to complement a range of interior styles. A convenient on/off switch is located on the cord. This table lamp is ideal for bedside tables, desks, or accentuating side tables with its modern elegance.
