Chlorophilia 2 Suspension

By Artemide

Description

The Chlorophilia 2 Suspension is a breathtaking display of organic design and innovative LED technology, transforming light into a dynamic, sunburst spectacle. This ethereal fixture features multiple LED elements meticulously arranged in a partially overlapping pattern, creating a broad and luminous presence that beautifully mimics the breadth and width of natural light. Its signature phytomorphic elements, crafted from molded PMMA, boast a gently wavy texture and an uneven, stepped section. These intricate details are not merely decorative; they ingeniously function as optical lenses, enhancing light distribution and creating captivating patterns of light and shadow on surrounding surfaces. Crafted from durable aluminum, the Chlorophilia 2 Suspension combines robust construction with a delicate, natural aesthetic. It's an ideal choice for creating a striking focal point in a living room, dining area, or a double-height entryway, infusing the space with an organic, vibrant glow.

Specifications

COLOR Transparent
BODY FINISH Polished Aluminum
WATTAGE 83.2W
DIMMER Low Voltage Electronic
DIMENSIONS 30.7"W x 19.7"H
INTEGRATED LED MODULE 2 x LED/41.6W/120-277V LED
COUNTRY OF ORIGIN Italy

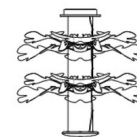

Technical Information

PRODUCT DIMENSIONS Canopy: 9.8" diameter
LAMP LIFE 36000 hours
COLOR RENDERING 93 CRI
LAMP COLOR 3000K
LUMENS/WATT 63.73
LUMINOUS FLUX 2651 lumens

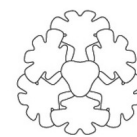

Shown in polished aluminum / transparent

ø 9 13/16"

standard length
min. 19 11/16" - max. 78 3/4"
extended length
min. 19 3/4" - max. 216"

ø 30 11/16"
