LEDBAR Square Wall / Ceiling Light

By Artemide

Description

The LEDBAR Square Wall / Ceiling Light offers a clean, geometric aesthetic combined with efficient LED illumination, providing a versatile lighting solution for modern interiors. This fixture features a frosted acrylic diffuser that ensures a soft, uniform glow, beautifully complemented by sleek matte Grey end caps and a matching square canopy. Designed for straightforward installation, a canopy cover plate is supplied for standard junction box mounting, or it can be removed for pigtail mounting. This allows for flexible wiring options. Available in three practical sizes, the LEDBAR Square can be mounted either vertically or horizontally, adapting seamlessly to your specific design needs. For personalized ambiance, you can choose between a 3000K (a warm white light) or 3500K (a more neutral white light) color temperature. It is conveniently dimmable via 2-Wire dimming, providing effortless control over light intensity. This fixture is an excellent choice for bathrooms, hallways, or any space where a contemporary, efficient, and adaptable light source is desired.
