LEDBAR Round Wall / Ceiling Light

By Artemide

Description

The LEDBAR Round Wall / Ceiling Light combines a soft, curvilinear aesthetic with highly efficient LED illumination, offering a versatile lighting solution for contemporary spaces. This inviting fixture features a frosted acrylic diffuser that ensures a gentle, uniform glow, elegantly framed by sleek matte Grey end caps and a coordinating round canopy. For straightforward installation, a canopy cover plate is supplied for standard junction box mounting, or it can be removed for convenient pigtail mounting, offering flexible wiring solutions. Available in three practical sizes, the LEDBAR Round can be mounted either vertically or horizontally, adapting effortlessly to your specific design requirements. You can customize your ambiance with a choice of 3000K (a warm white light) or 3500K (a more neutral white light) color temperature. It is conveniently dimmable via 2-Wire dimming, allowing for effortless control over light intensity. This fixture is an excellent choice for bathrooms, hallways, or any area where a modern, efficient, and adaptable light source with a softer profile is desired.
