Piano Dual Wall Light

By Artemide

Description

The Piano Dual Wall Light provides a sophisticated and versatile illumination solution, delivering both direct and indirect light to beautifully enhance your interior walls. This elegant fixture features a robust cast-aluminum body, meticulously finished with a durable powder coating that promises lasting appeal. You can select from a range of refined finishes, including a crisp White, classic Silver, rich Bronze, or deep Anthracite Grey, allowing for seamless integration into diverse design aesthetics. Light is thoughtfully diffused through a frosted plastic diffuser, ensuring a soft, even glow that minimizes glare and creates a comfortable ambiance. For tailored illumination, the Piano Dual Wall Light offers a choice of 3000K (a warm white light) or 3500K (a slightly cooler, more neutral white light), allowing you to set the perfect mood. It is conveniently dimmable via 2-Wire dimming, providing effortless control over light intensity. This wall light is an excellent choice for creating layered lighting effects in living rooms, dining areas, or hallways, providing both functional and ambient light with sophisticated simplicity.
