Tetragono Outdoor Wall Light

By Artemide

Description

The Tetragono Outdoor Wall Light embodies minimalist modern design with robust durability, offering a sleek solution for illuminating your exterior walls. Crafted with an extruded aluminum body, this fixture undergoes a specialized 3-stage outdoor treatment, providing superior protection against the elements and ensuring lasting beauty. Its sophisticated Anthracite finish allows it to seamlessly integrate into contemporary architectural landscapes. Light is diffused evenly through a UV-resistant diffuser made of shock-resistant polycarbonate, guaranteeing consistent performance and preventing discoloration over time. Equipped with an integrated LED module, the Tetragono Outdoor Wall Light provides efficient and reliable illumination. With compact dimensions, it maintains a low profile while delivering effective up-down or directional lighting.
