Logico Micro Triple Nested Suspension

By Artemide

Description

The Logico Micro Triple Nested Suspension is a captivating and ethereal lighting sculpture, where organically shaped satin glass appears to float weightlessly in your space. This exquisite fixture showcases the unique artistry of hand-blown glass, creating a truly poetic visual statement.Each of the three nested diffusers is crafted from delicate, hand-blown satin glass in a soft Milky White, providing a beautifully diffused and warm glow. The glass forms are subtly irregular, lending an authentic, artisanal charm to the piece. These luminous forms are elegantly supported by a precision die-cast aluminum frame and suspended by slender stainless steel cables, ensuring a refined and secure installation.The nesting design creates a captivating interplay of light and form, adding depth and visual interest to your ceiling. The Logico Micro Triple Nested Suspension is perfect for creating an intimate ambiance over a dining table, accentuating a living area, or making a sophisticated artistic statement in an entryway, proving that lighting can be both functional and a work of art.
