Outdoor Remote Photosensor By WAC Lighting

Description

The Outdoor Remote Photosensor is designed for use with power supplies in remote location installations. Allows user to supply power to a WAC Lighting power supply during the evening in the absence of UV sunlight. The photocell plugs into the outside of a WAC magnetic power supply case up to 1000VA max. If transformer is located in a shady spot, this photosensor has a 10 foot cord and stainless steel bracket to secure in a sunny area. 120VAC, 50/60Hz.

Shown in gray
