Strut 120-277V Outdoor Bollard

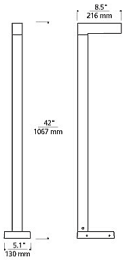

By Visual Comfort Architectural

Description

The Strut LED Bollard exemplifies the epitome of a modern, minimalist design. The thin, unobtrusive clean lines of the Strut bollard can effortlessly disappear into its setting or can be positioned to make a bold statement. A singular line of LED down lighting with wide, Type II asymmetric light distribution, is ideal for outdoor path and campus illumination. Constructed of aluminum with a durable, marine grade powder coat finish. Features stainless steel hardware and impact-resistant, UV stabilized acrylic lens for added durability and stability. Includes 19.3 watt LED module in two color temperature options. 5-year warranty. Universal 120-277V. Does not require a transformer. Dimmable with an electronic low voltage or 0-10V dimmer, sold separately. Available with a button photocontrol, in-line fuse, button photocontrol and in-line fuse, or standard with no options. NOTE: Not all options are available.

Shown in bronze
