DESCRIPTION

The Turbo Column Light is a distinctively contemporary modern cylindrical light column offering a powerful outdoor LED solution for general illumination and area lighting. Highly customizable to suit its immediate surroundings, the Turbo light column offers 20 or 40 degree optic beam spread and two different wattage/lumen output options. Constructed of aluminum with a durable, marine grade powder coat finish available in Charcoal or Bronze. Features stainless steel hardware and impact-resistant, UV stabilized acrylic lens for added durability and stability. Includes 60 watt LED module with 20 or 40 degree beam angle optic, and two color temperature options. Universal 120-277V with integral surge protection. 5-year warranty. Dimmable with an electronic low voltage or 0-10V dimmer, sold separately. Available with a button photocontrol, in-line fuse, or standard with no options.
